Painting From The Source weekend retreat will take place at the charming CASSELBERRY ART HOUSE in Casselberry, FL, (a suburb neighboring Orlando), walking distance to restaurants and motels. Workshop begins Friday night at 7:00 and ends Sunday afternoon at 3:00.

Feel the sensuousness of painting, let yourself play – this ritual of creating soul-touching art is a natural way to stay balanced, healthy, and vital, and a spiritual practice that will connect you to your inner wisdom source. Painting from the Source is for anyone who wants to awaken their artist's soul. You'll be creating not from the mind but from a bottomless well of personal and universal images. You don't have to be trained in the arts to experience this: it's your birthright – the possibility of reconnecting is always present.

Required Reading: Aviva Gold's *"Painting from the Source: Awakening the Artist's Soul in Everyone"*. Available from [Aviva's Store](#).
